W. L. MORRIS IS DEAD.

The community was greatly shocked on the night of December 19 on learning of the death of W. L. Morris. He passed away without a struggle while seated in his chair before the fire.

Mr. Morris had been in bad health for several years. A few months ago he went to Nashville for treatment and seemed much improved in health on returning home, but it was only temporary and he gradually grew weaker until death claimed him.

Mr. Morris held a place in the affairs of the town and county that will be hard to fill. He was the youngest son of W. P. Morris, deceased, and the best financiers in the county. He served the county in the General assembly of Tennessee and was a member of the Camden bar.

The burial took place at Camden Cemetery with Masonic honors. Much sympathy is felt for the surviving children, who so suddenly lost both parents.

STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard
